

Press release

Horizon Logistics expands business, rebrands company name.... 3rd Party Logistics Company Experiences huge growth

May 9, 2011

Billerica, MA - Horizon Logistics, a 3rd Party Logistics Company, announced today that they have added a New Jersey facility, as well as renamed and rebranded the company. The new entity will be known as LIST LOGISTICS.

"We have experienced an amazing pattern of growth in both the New England market, as well as the New York/ New Jersey corridor", stated George Schindler, President. "Because of confusion with other similarly named service providers, now is the appropriate time to differentiate our company in the marketplace."

Mr. Schindler went on to report that revenues more than doubled in 2010 - not only from increased business, but also with the opening of a brand-new, state of the art 200,000 SF facility in Linden, NJ. Coupled with a summer 2010 move to a new 110,000 SF corporate headquarters facility, List Logistics now operates (4) facilities throughout the Northeast.

"Our proximity to major seaports, highways, railways and airports allows us to service our global supply chain clients with total 'multi-modality'", reports Schindler. "Whether we are bringing in finished goods from Europe/Asia or supporting a national retail chain's distribution model, we are well equipped to service all of our clients. After 15 years in business, we are truly excited about the next fifteen!"
